of products sold in
2023 met
commitment.

Sustainability Commitment. [Janes' website](#) states that it adheres to its commitment to sourcing sustainable seafood by following a three-part process: (1) quality control: Janes employs boat-to-plate chain of custody which includes full product inspections at each point in the chain, (2) traceability: Janes' inspection reports provide complete traceability for every product, and (3) certification. In 2011, Janes became the first branded seafood company in North America to have 100% of its retail seafood products certified by the Marine Stewardship Council (MSC).

STEP 1: COMMITMENT

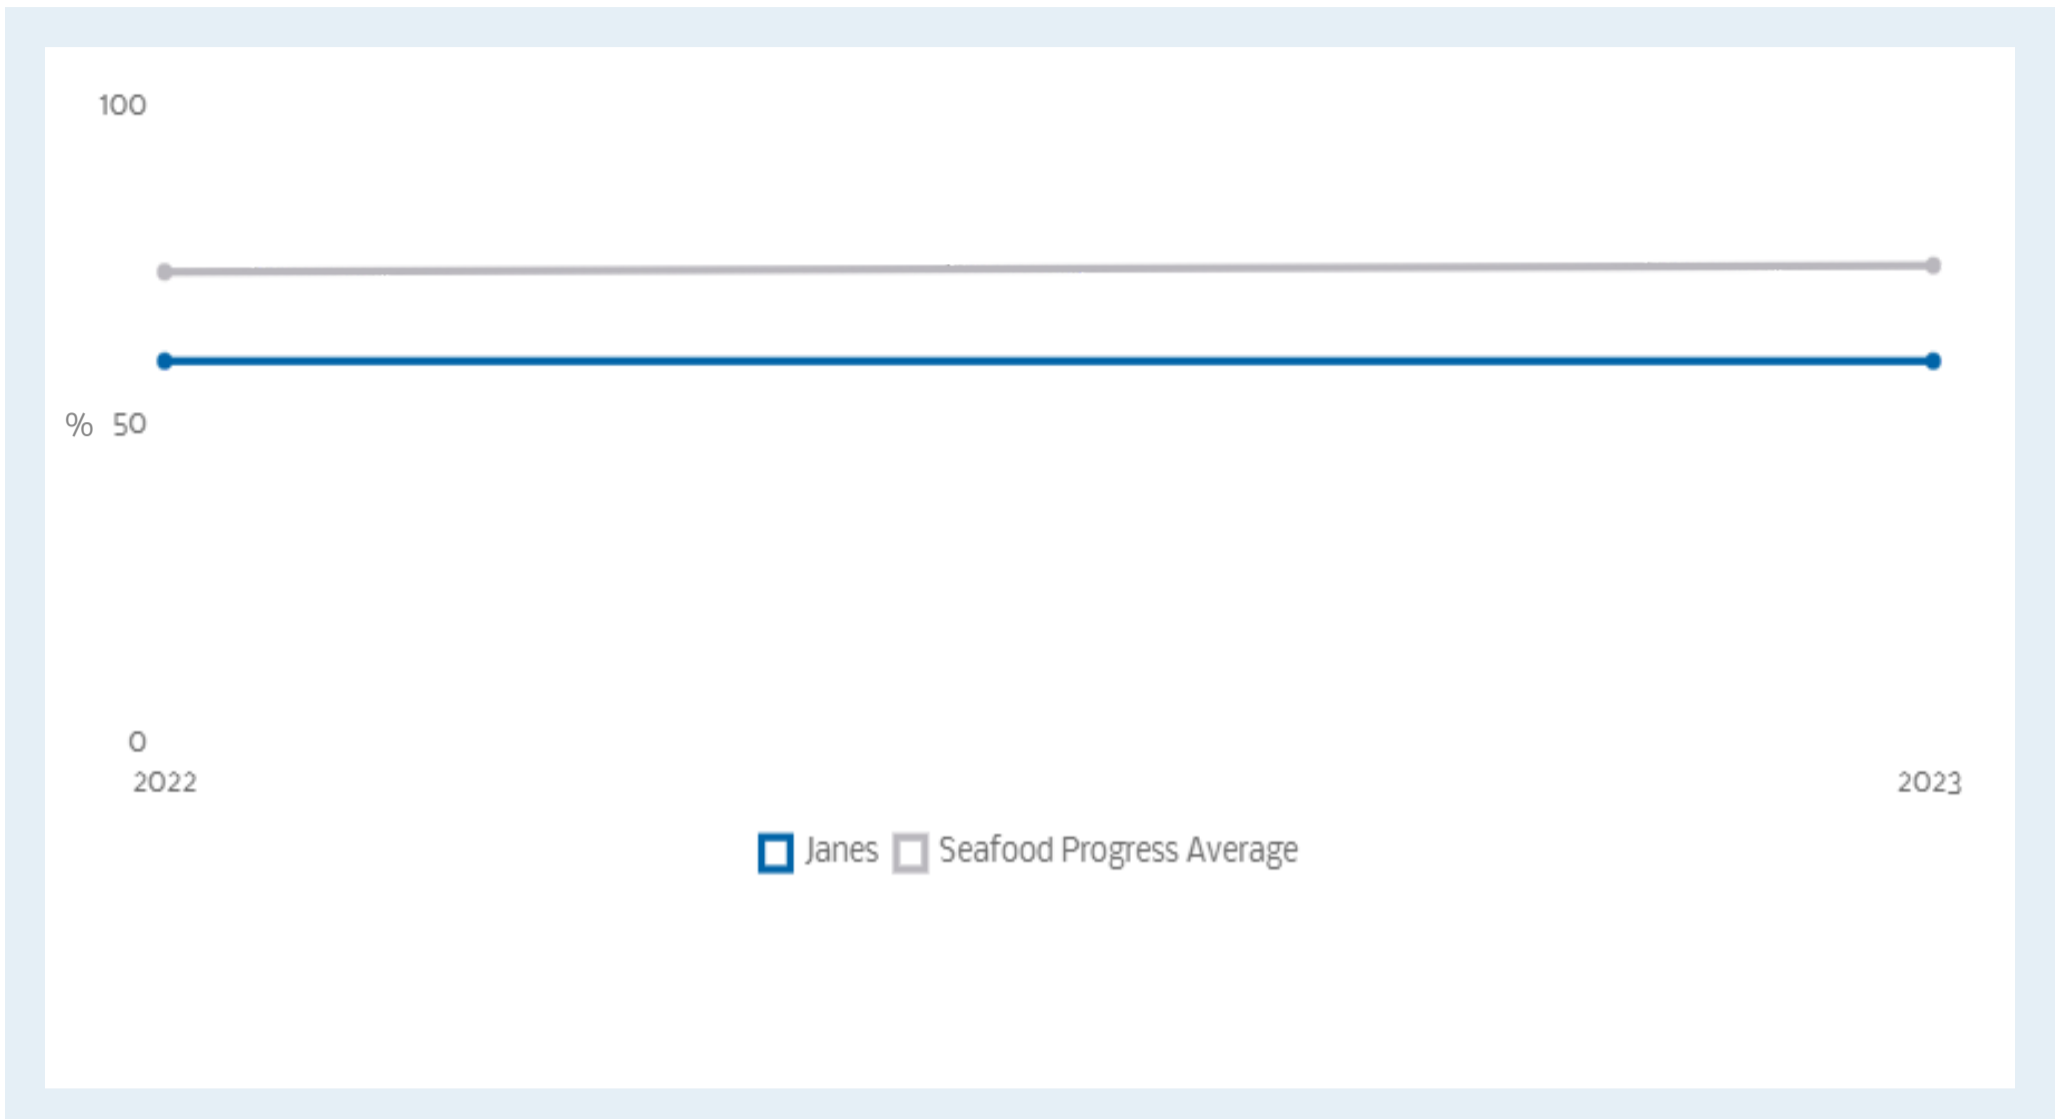

1

Commitment

Does the brand have comprehensive seafood commitments?

1.1 The brand has a publicly available commitment on environmentally sustainable seafood.

[Janes' website](#) states that it adheres to its commitment to sourcing sustainable seafood by following a three-part process: (1) quality control: Janes employs boat-to-plate chain of custody which includes full product inspections at each point in the chain, (2) traceability: Janes' inspection reports provide complete traceability for every product, and (3) certification. In 2011, Janes became the first branded seafood company in North America to have 100% of its retail seafood products certified by the Marine Stewardship Council (MSC).

Scoring

100% Commitment to environmental sustainability includes clear objectives that are supported by references to credible standards, a full chain traceability policy and a timeline for meeting the commitment (unless the commitment has already been met).

80% Commitment to environmental sustainability that includes clear objectives that are supported by references to credible standards and a full chain traceability policy in place (or a timeline set for implementation) that traces at least the product scientific name, geographic origin, farmed/wild and harvest method.

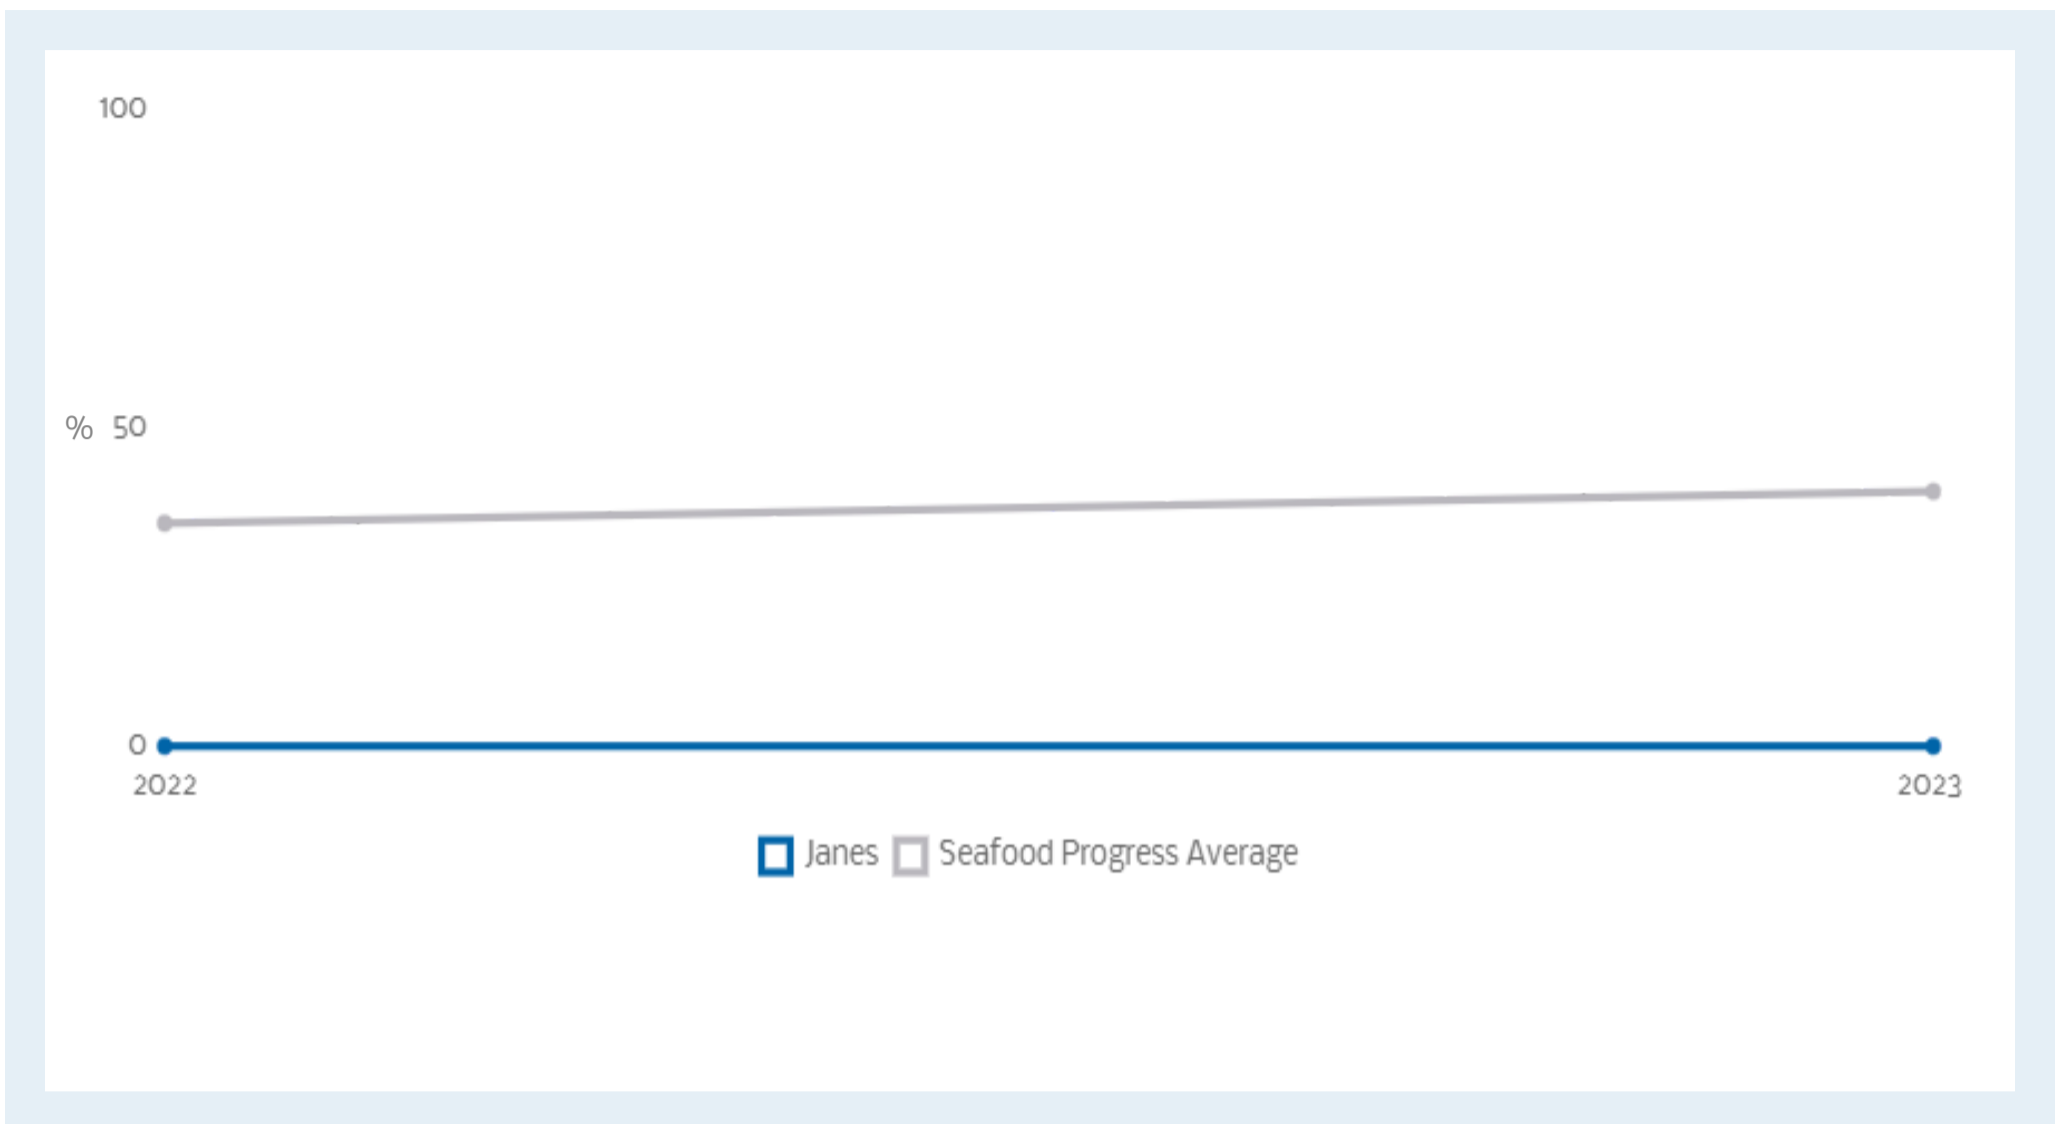

60% Commitment to environmental sustainability that includes clear objectives that are supported by references to credible standards (such as Seafood Watch or Ocean Wise ratings, eco-certifications, etc.).

40% Commitment to environmental sustainability that includes clear objectives for sustainable procurement.

20% General commitment to environmentally sustainable seafood.

0% No publicly available environmental sustainability commitment.

1.2 The brand has a publicly available commitment on socially responsible seafood.

No publicly available information.

Scoring

100% Commitment to social responsibility includes clear objectives, actions or expectations for seafood suppliers, a clear and effective traceability policy, and the grocer reports publicly on activities to support social responsibility on at least an annual basis.

80% Commitment to social responsibility includes clear objectives, actions or expectations for seafood suppliers, and a clear and effective traceability policy that at least involves tracing data on the existence of an independent trade union or representative worker organization.

60% Commitment to social responsibility includes clear objectives and actions or expectations for seafood suppliers.

40% Commitment to social responsibility includes with worker driven objectives that are based on credible international standards (The UN's Guiding Principles, The WBA's Seafood Stewardship Index, ILO and the UN Declaration).

20% General commitment to socially responsible seafood.

0% No publicly available social responsibility commitment.

STEP 2: COLLECTING DATA

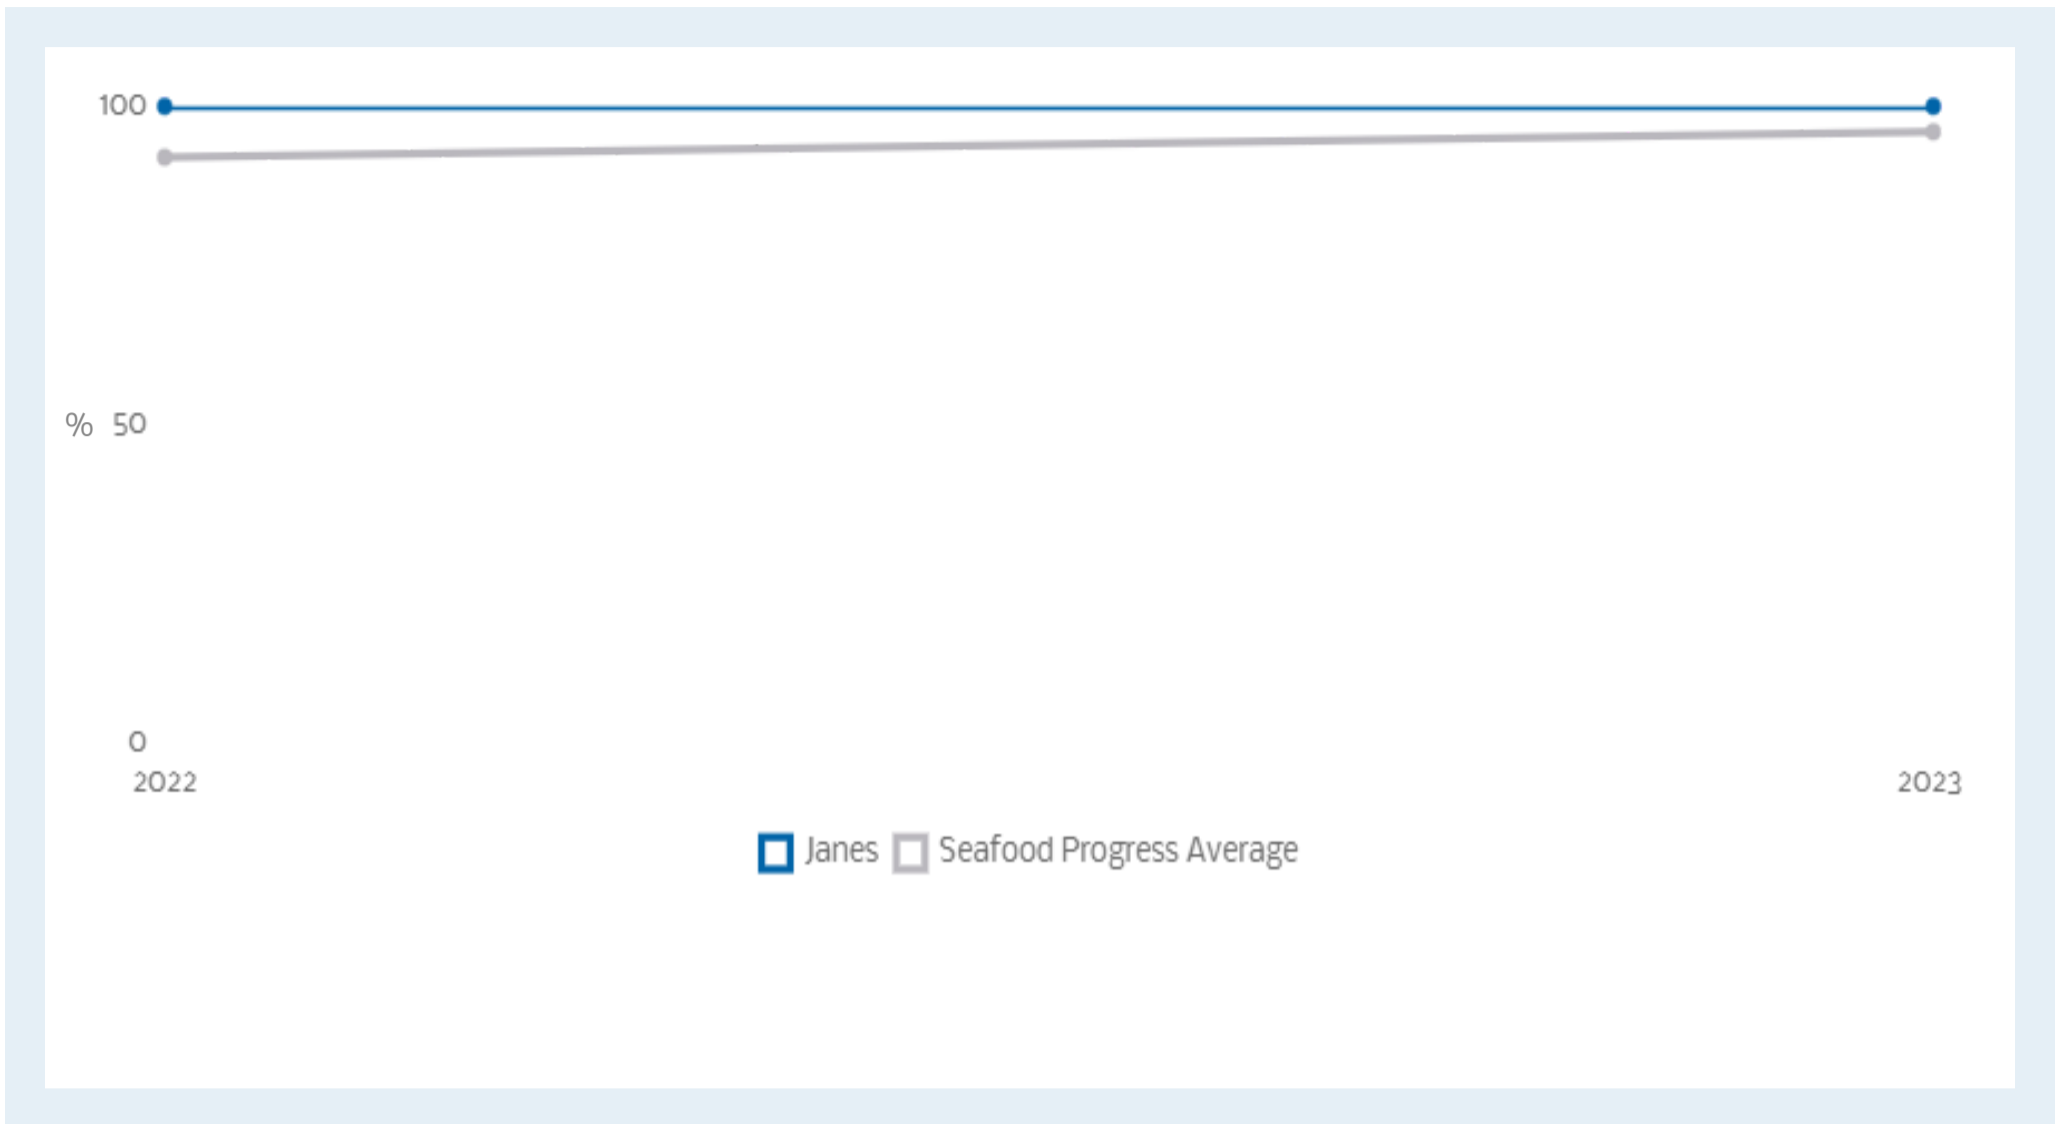

2

Collecting Data

Is the brand collecting data to support its commitment?

2.1 The brand collects data on scientific name.

All of Janes' products are MSC certified which indicates that it is collecting this data.

Scoring

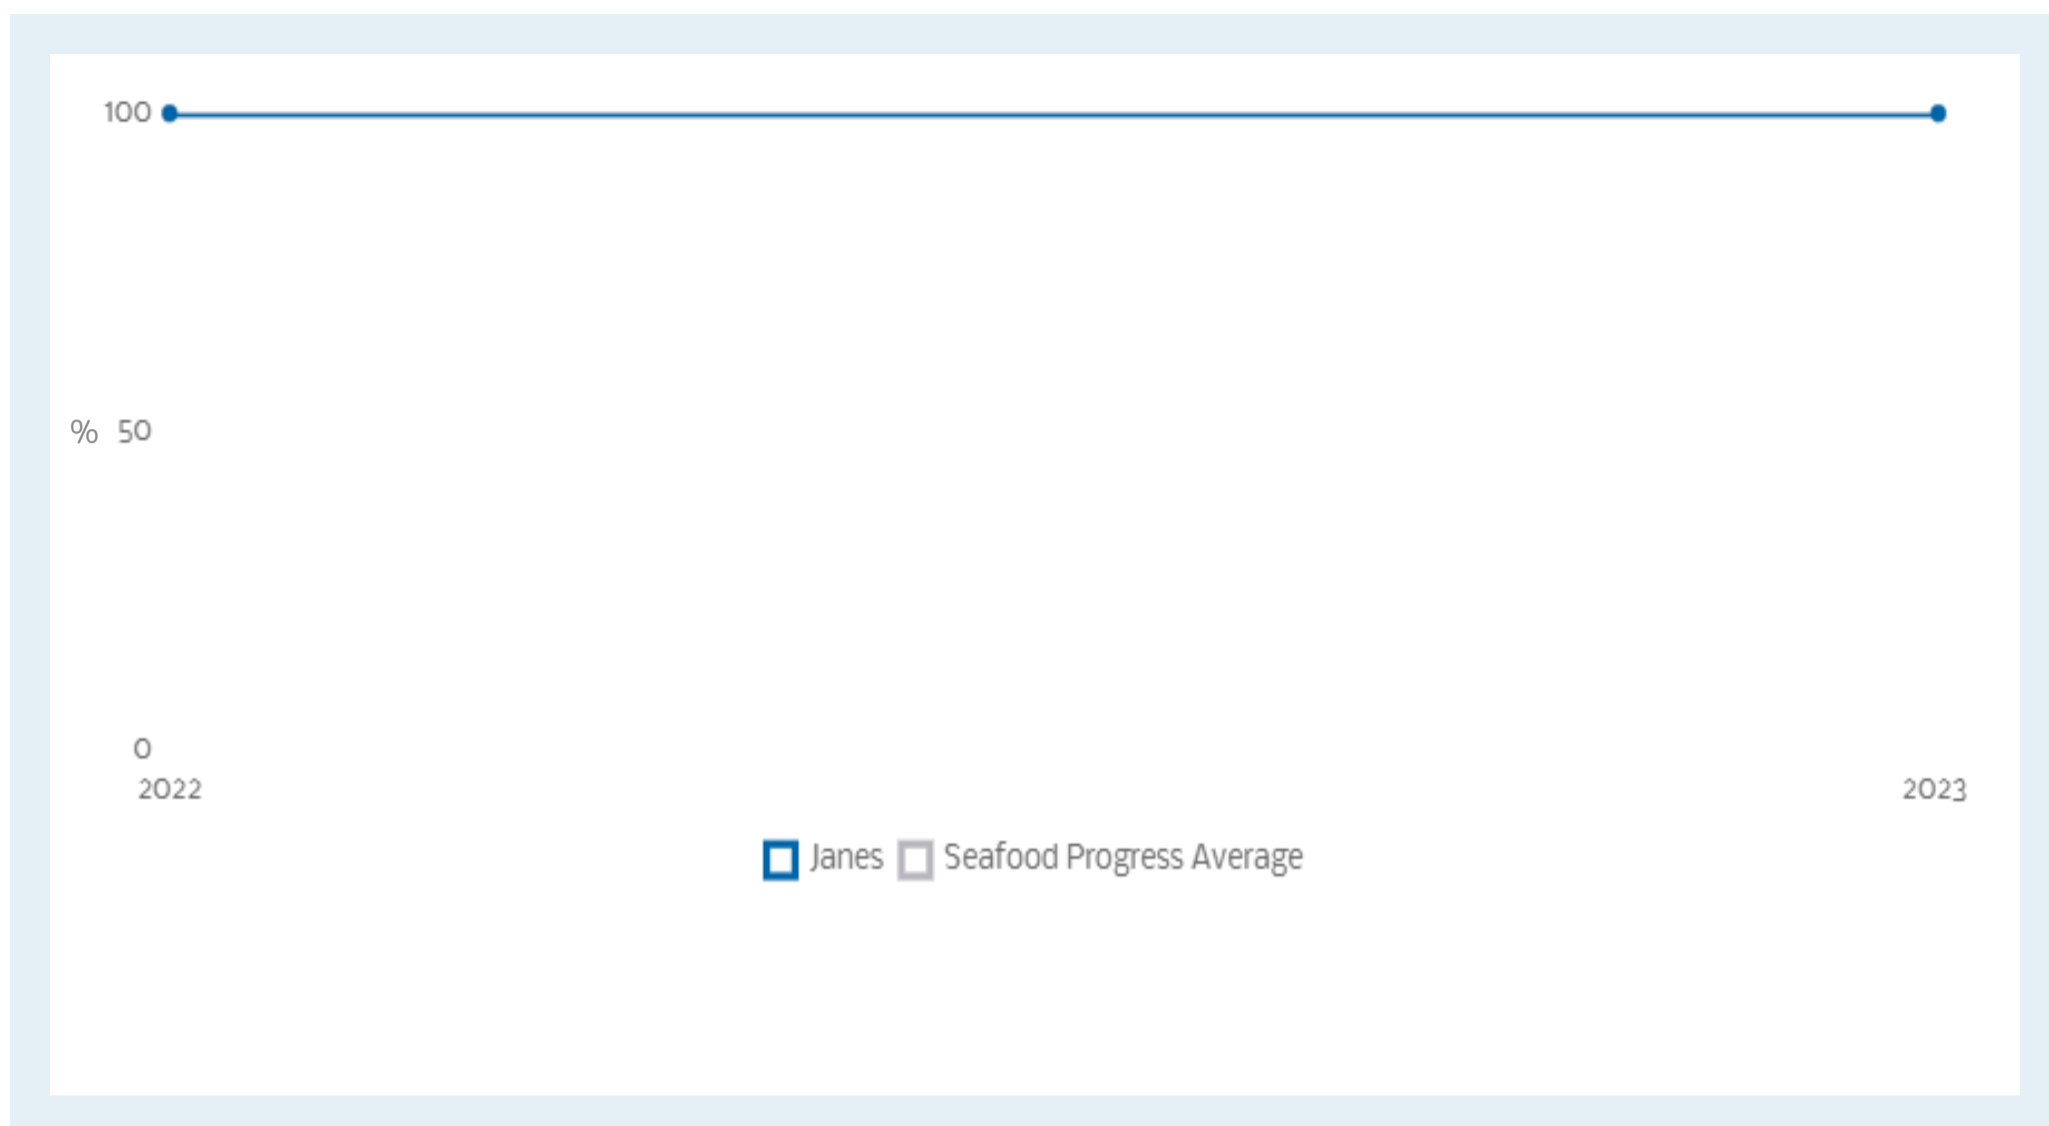

100% Collects data for all products included in the grocer's commitment.

50% Collects data for some products included in the grocer's commitment.

0% Does not collect data (or no information available).

2.2 The brand collects data on geographic origin.

All of Janes' products are MSC certified which indicates that it is collecting this data.

Scoring

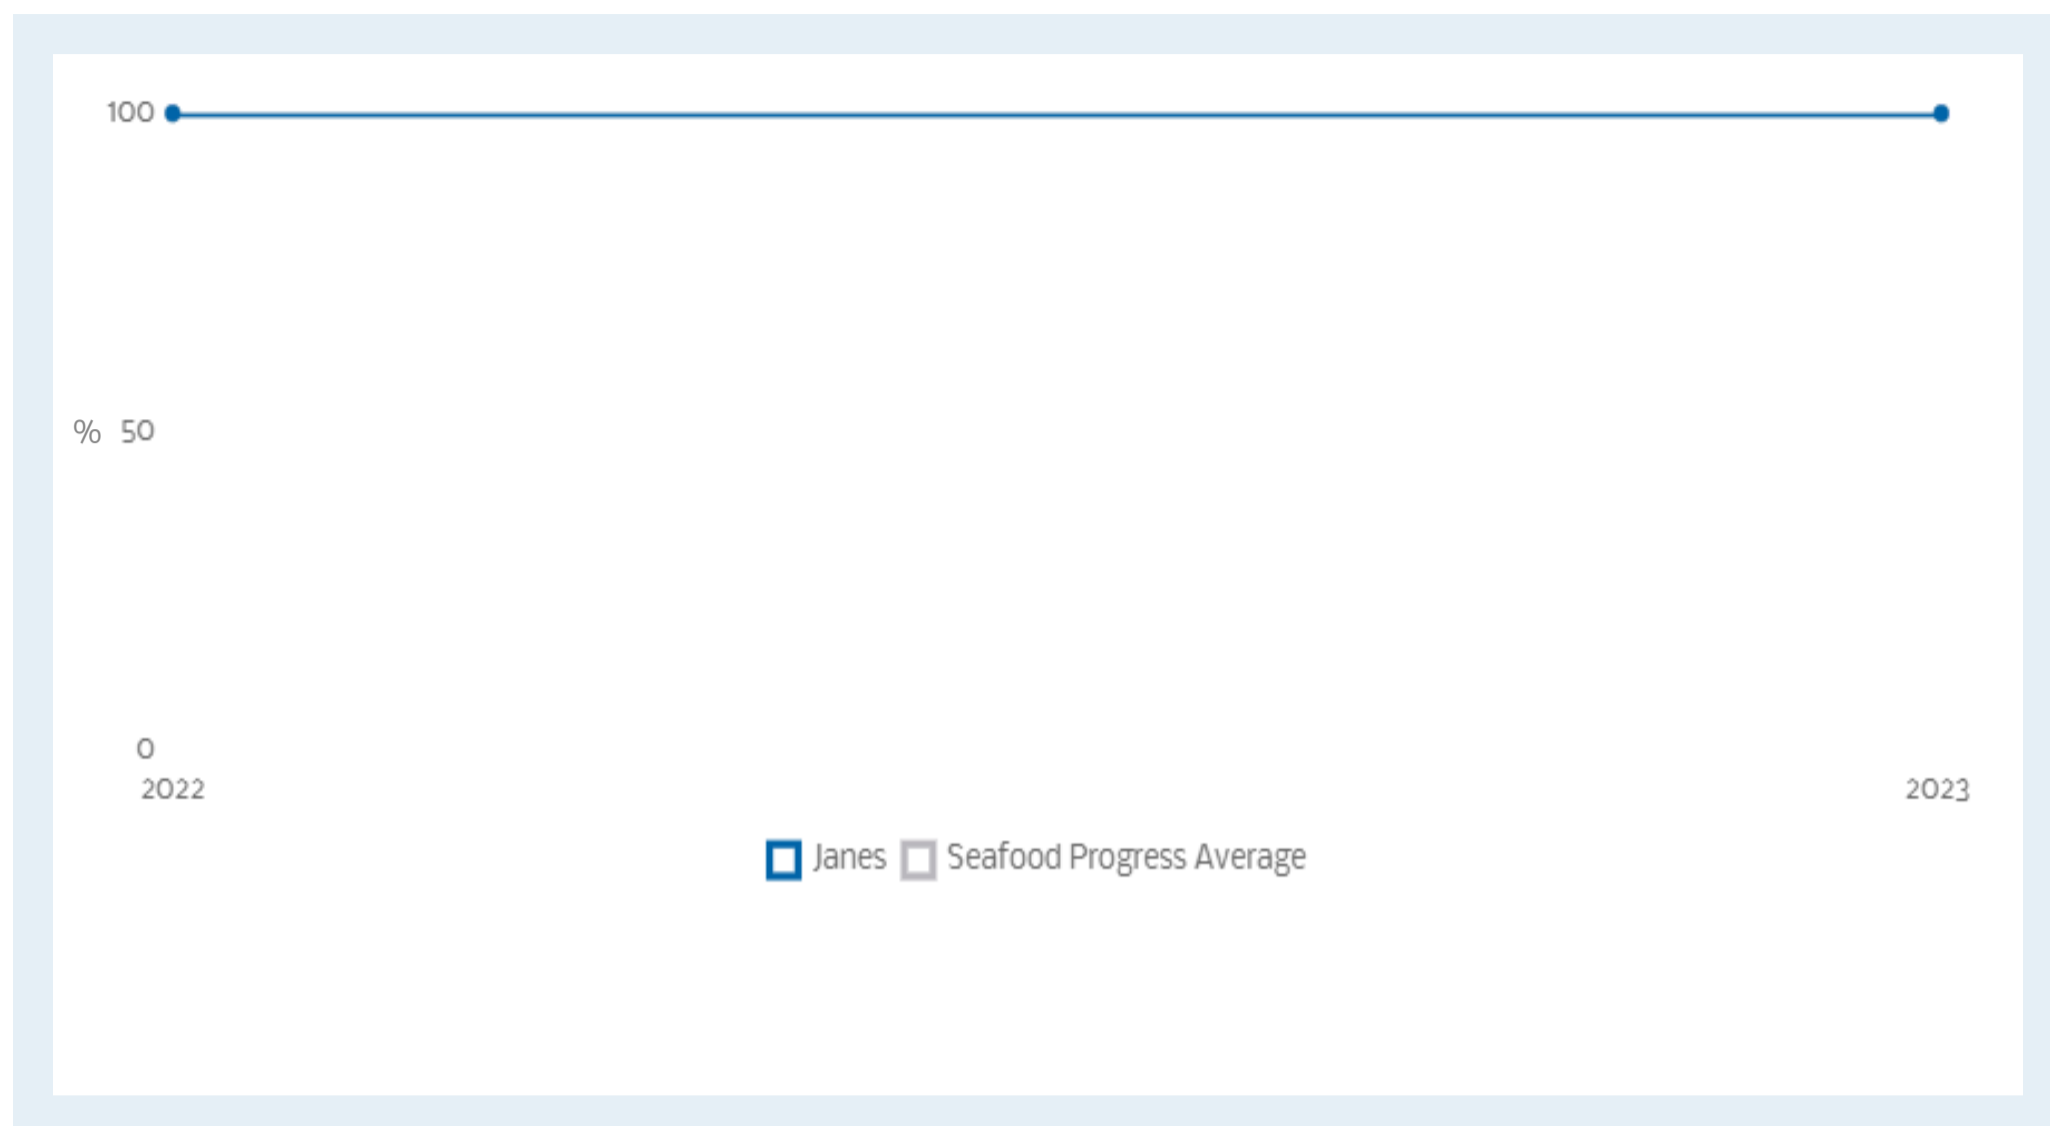

100% Collects data for all products included in the grocer's commitment.

50% Collects data for some products included in the grocer's commitment.

0% Does not collect data (or no information available).

2.3 The brand collects data on whether wild or farmed.

All of Janes' products are MSC certified which indicates that it is collecting this data.

Scoring

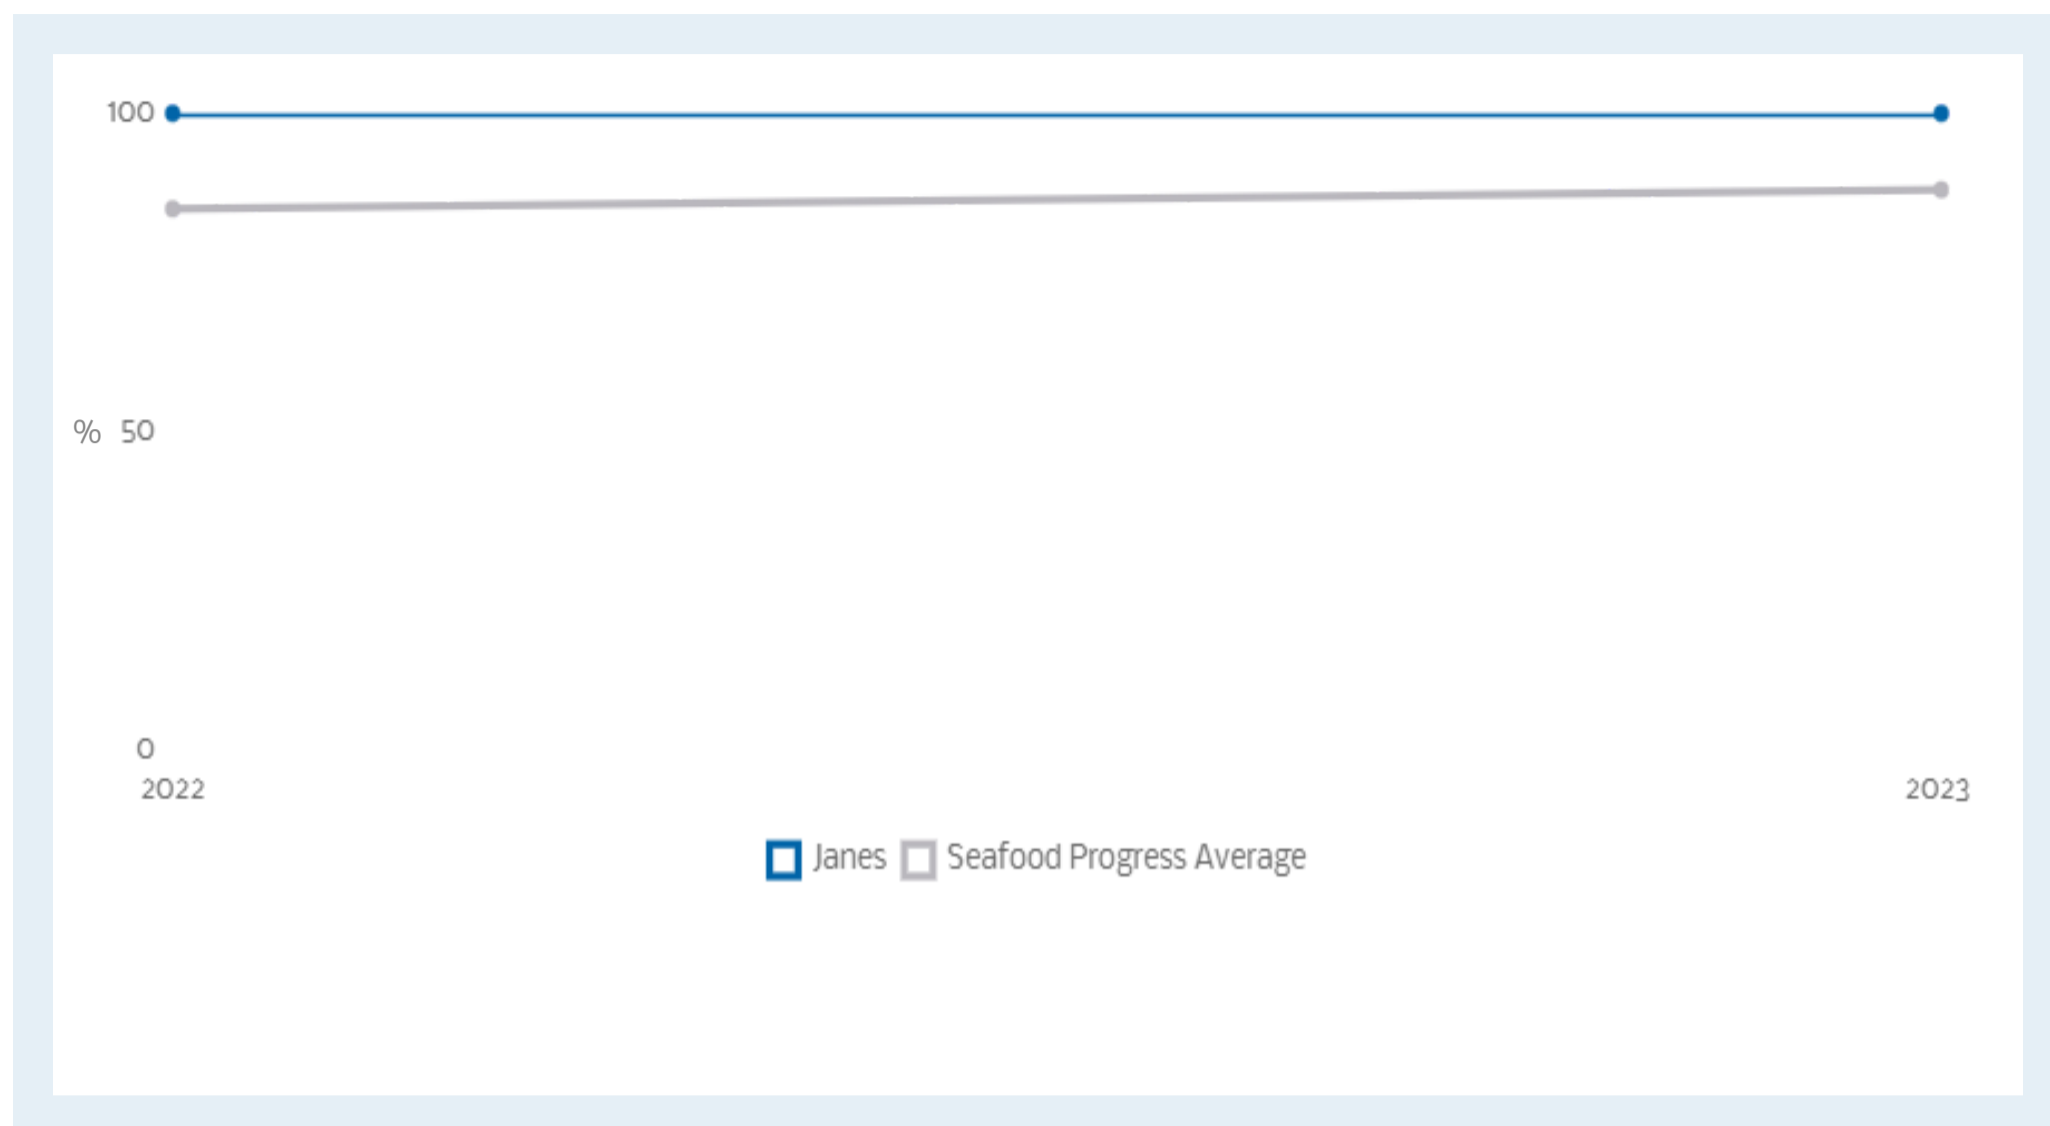

100% Collects data for all products included in the grocer's commitment.

50% Collects data for some products included in the grocer's commitment.

0% Does not collect data (or no information available).

2.4 The brand collects data on gear type or farming methods.

All of Janes' products are MSC certified which indicates that it is collecting this data.

Scoring

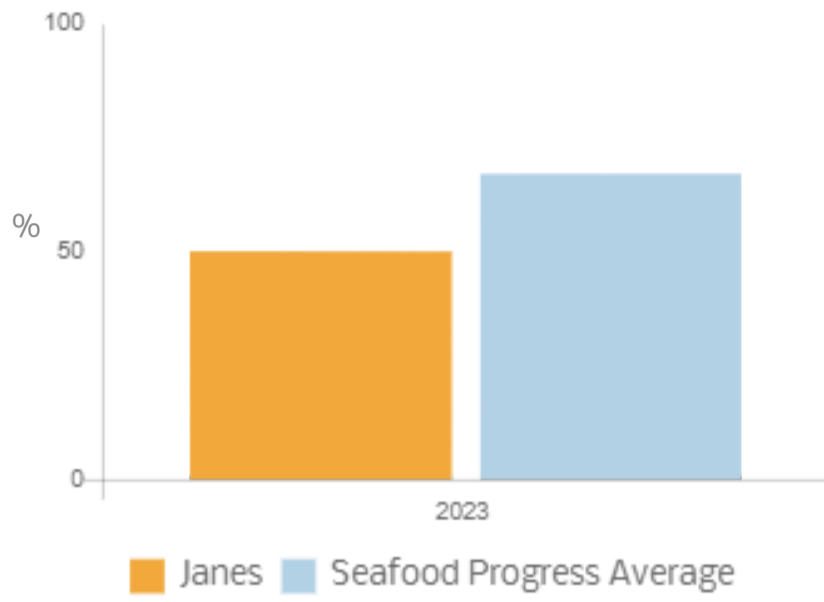

100% Collects data for all products included in the grocer's commitment.

50% Collects data for some products included in the grocer's commitment.

0% Does not collect data (or no information available).

STEP 3: SOURCING

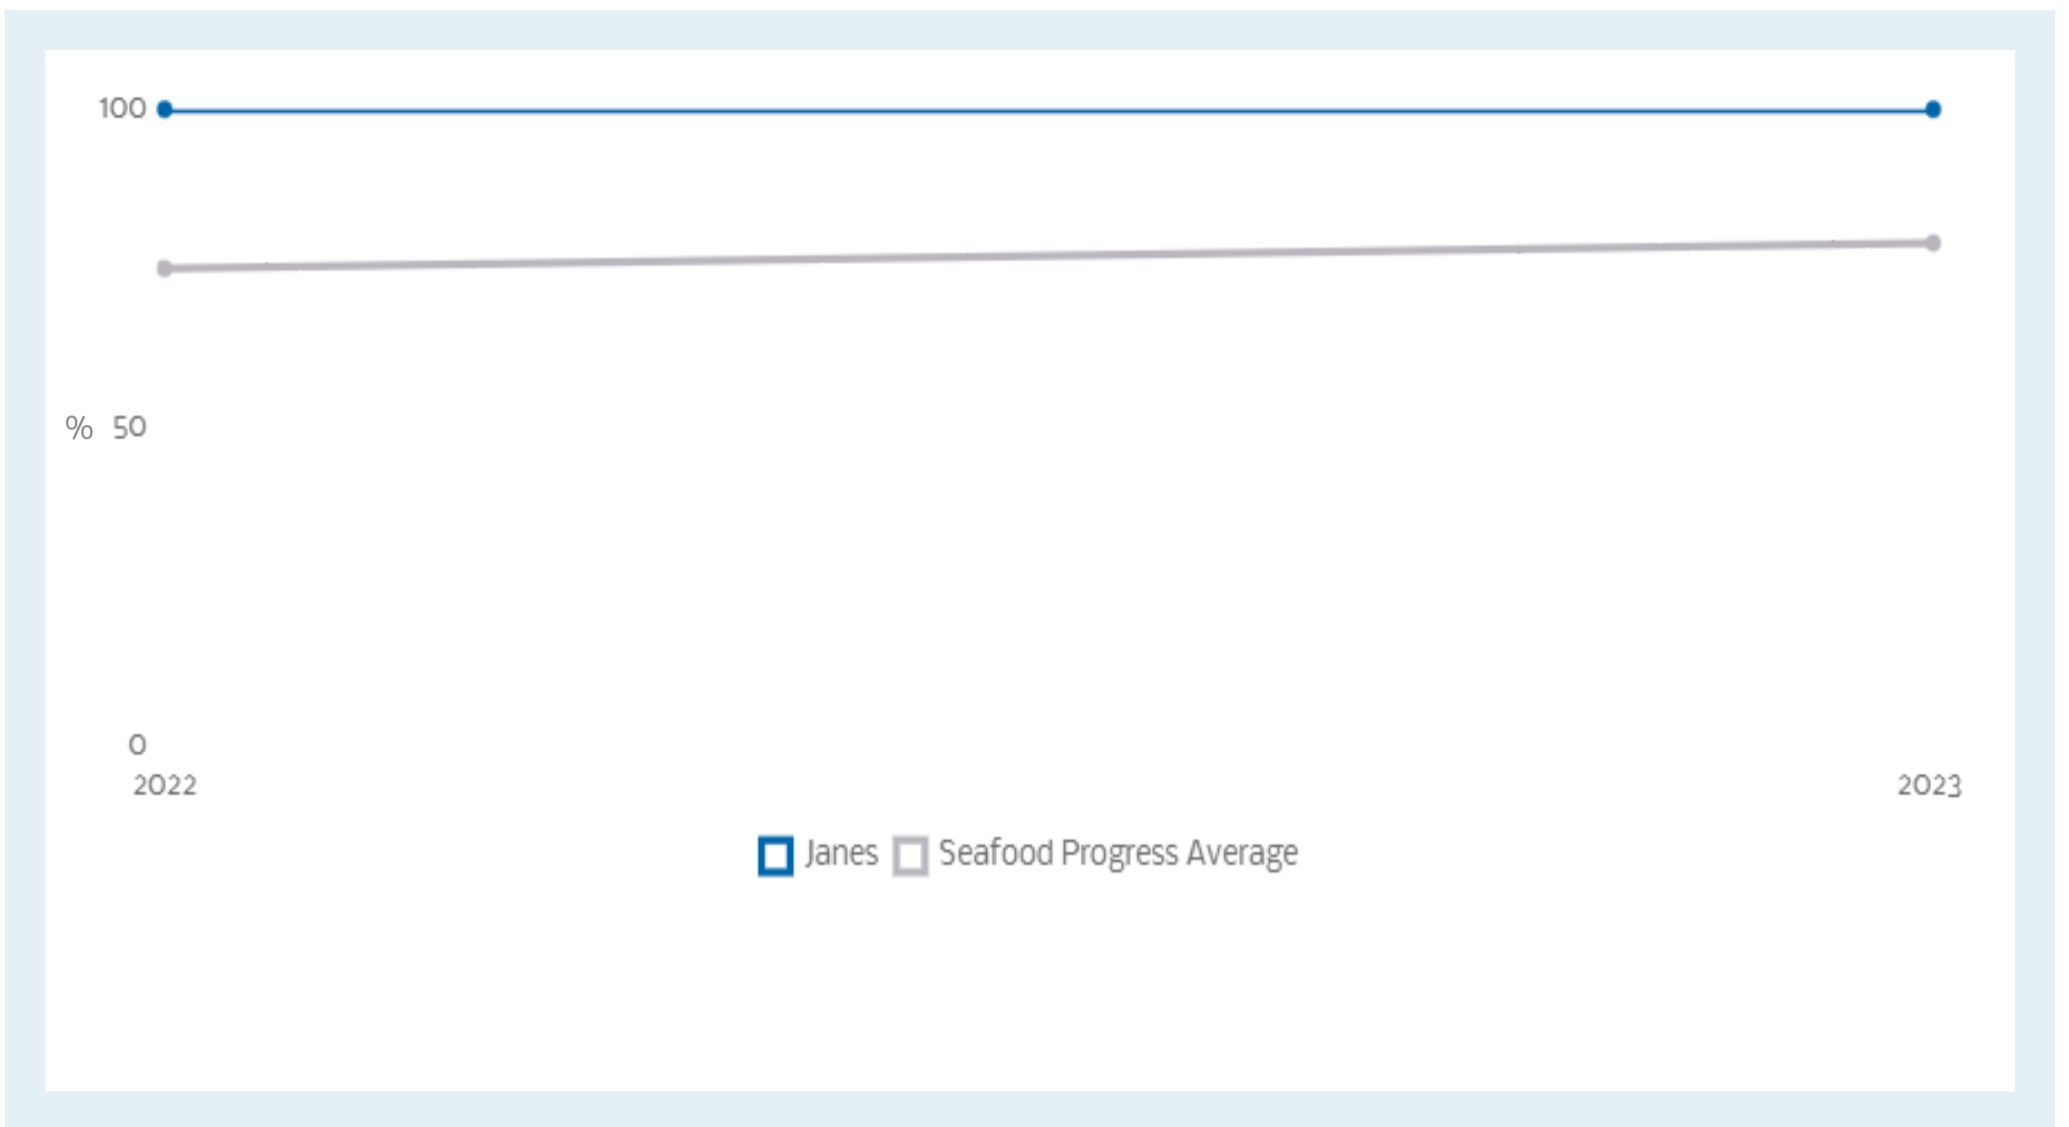

3

Responsible Sourcing

Is the brand making responsible sourcing decisions?

3.1 The brand publishes a clear hierarchy demonstrating its sourcing priorities.

Janes' website states that it consistently adheres to sourcing all its products from fisheries that have been independently certified by the Marine Stewardship Council (MSC).

Scoring

100% Publishes a clear hierarchy of sustainability standards demonstrating its sourcing priorities for all products it sells.

75% Publishes a clear hierarchy of sustainability standards used for sourcing some products, and identifies a general list of sustainability standards that it uses to inform its purchasing decisions for other products.

50% Publishes a clear hierarchy of sustainability standards used for sourcing some products, but doesn't identify the standards it uses to inform its purchasing decisions for other products.

25% Publishes a general list of sustainability standards that it uses to inform its purchasing decisions.

0% Does not publish the sustainability standards that it uses to inform its purchasing decisions.

3.2 The brand has reported on the percentage of seafood sold in the past year that met its sustainability commitment by volume or value.

Janes' website states that it consistently adheres to sourcing all its products from fisheries that have been independently certified by the Marine Stewardship Council (MSC).

Scoring

100% Grocer has reported that 100% of its seafood sold meets its sustainability commitment.

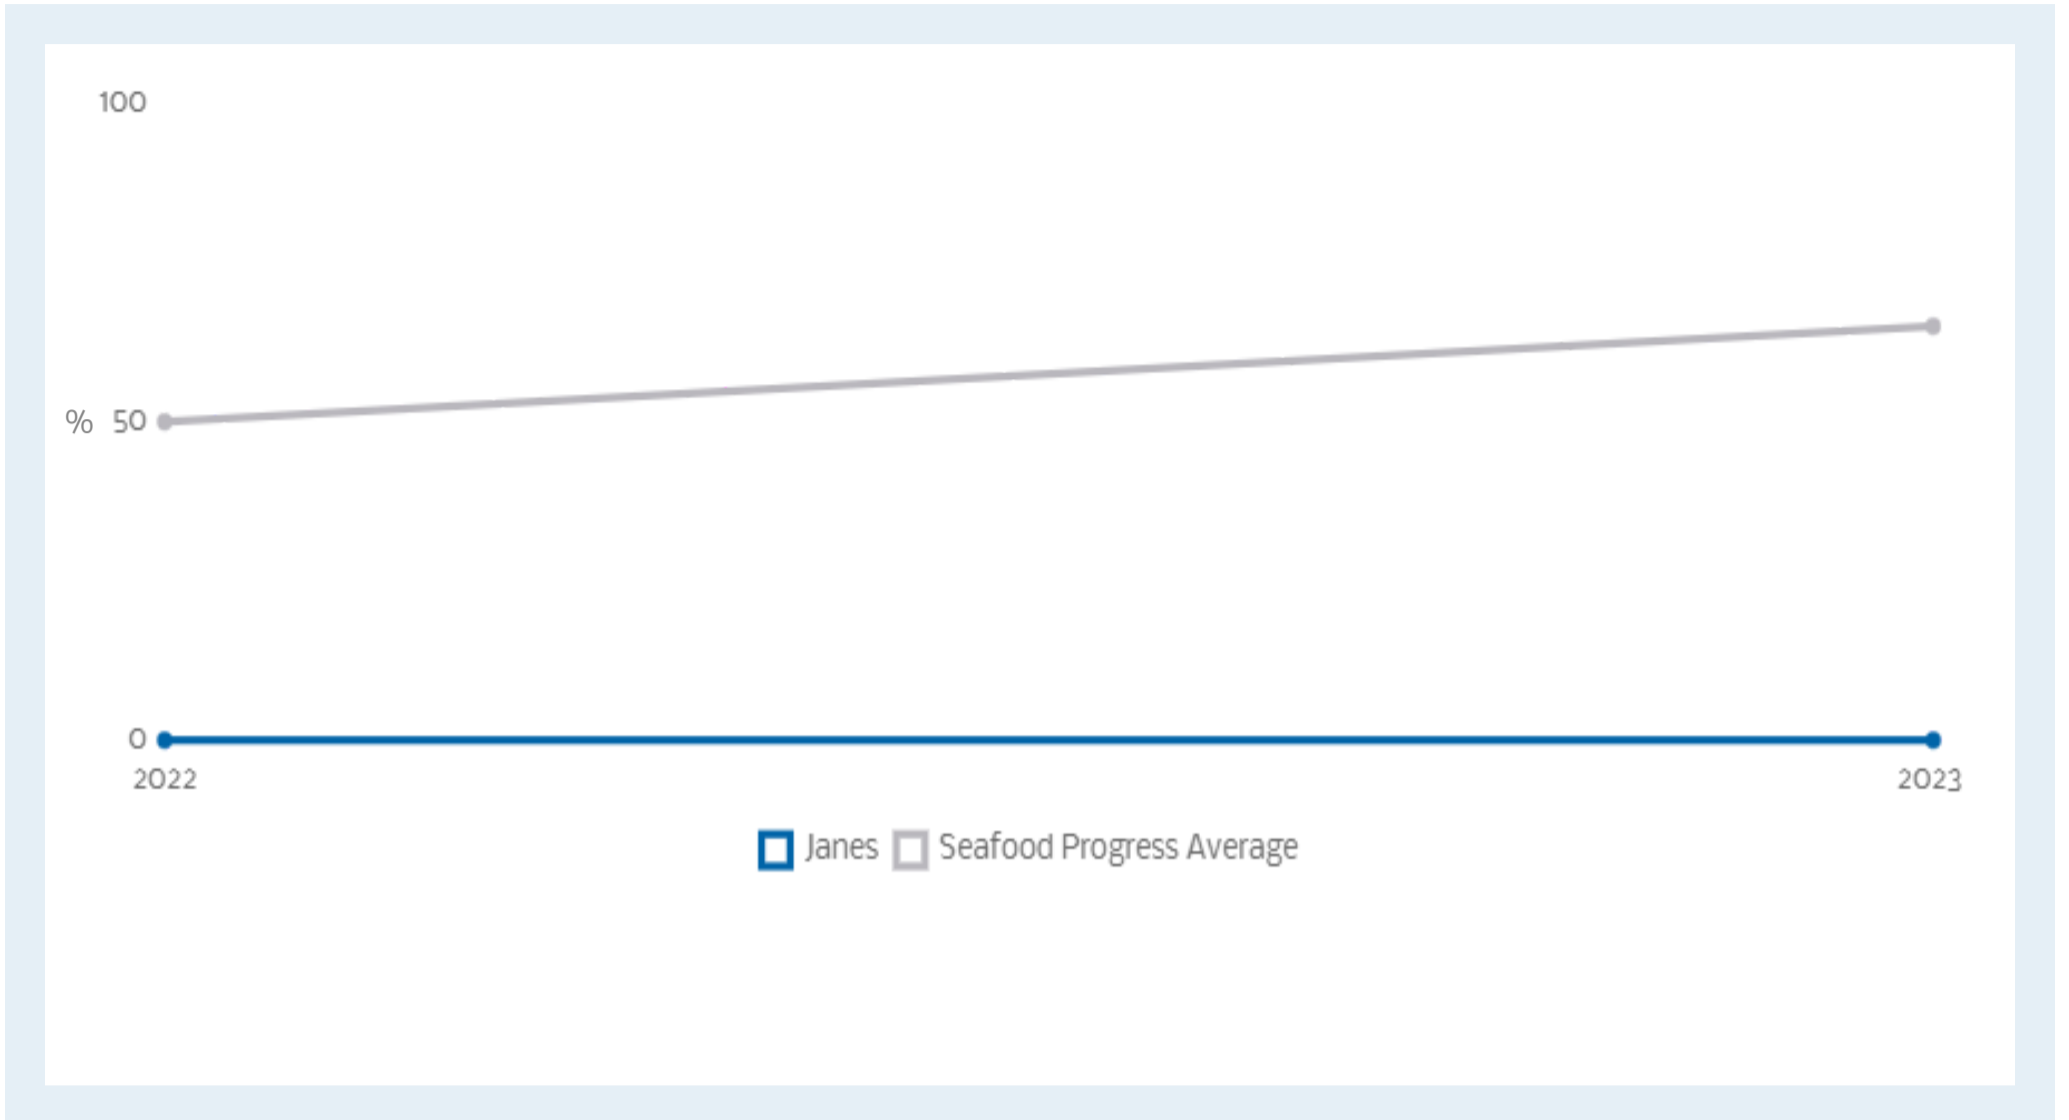

75% Grocer has reported that 75% or more of its seafood sold meets its sustainability commitment.

50% Grocer has reported that 50% or more of its seafood sold meets its sustainability commitment.

25% Grocer has reported that 25% or more of its seafood sold meets its sustainability commitment.

0% The grocer has not reported on the percentage of seafood sold that met its sustainability commitment (or no information available).

3.3 Suppliers are required to agree in writing to uphold the brand's sustainability commitment.

No information in Janes' commitment.

Scoring

100% All suppliers are required to agree in writing to uphold all of the terms of the grocer's environmental sustainability commitment and the grocer actively verifies that this commitment is being upheld on at least an annual basis.

75% All suppliers are required to agree in writing to uphold all of the terms of the grocer's environmental sustainability commitment on at least an annual basis.

50% All suppliers are required to agree in writing to uphold some of the terms of the grocer's environmental sustainability commitment.

25% Some suppliers are required to agree in writing to uphold some of the terms of the grocer's environmental sustainability commitment.

0% Suppliers are not required to agree in writing to uphold the terms of the grocer's commitment.

3.4 Suppliers are required to sign a code of conduct to uphold the brand's social responsibility commitment.

No information in Janes' commitment.

Scoring

100% All suppliers are required to sign a code of conduct that covers all of the grocer's social responsibility commitment and the grocer actively verifies that this commitment is being upheld by suppliers of high risk products.

50% All suppliers are required to sign a code of conduct that covers all of the grocer's social responsibility commitment on at least an annual basis.

0% Suppliers are not required to sign a code of conduct (or no information).

STEP 4: TRANSPARENCY

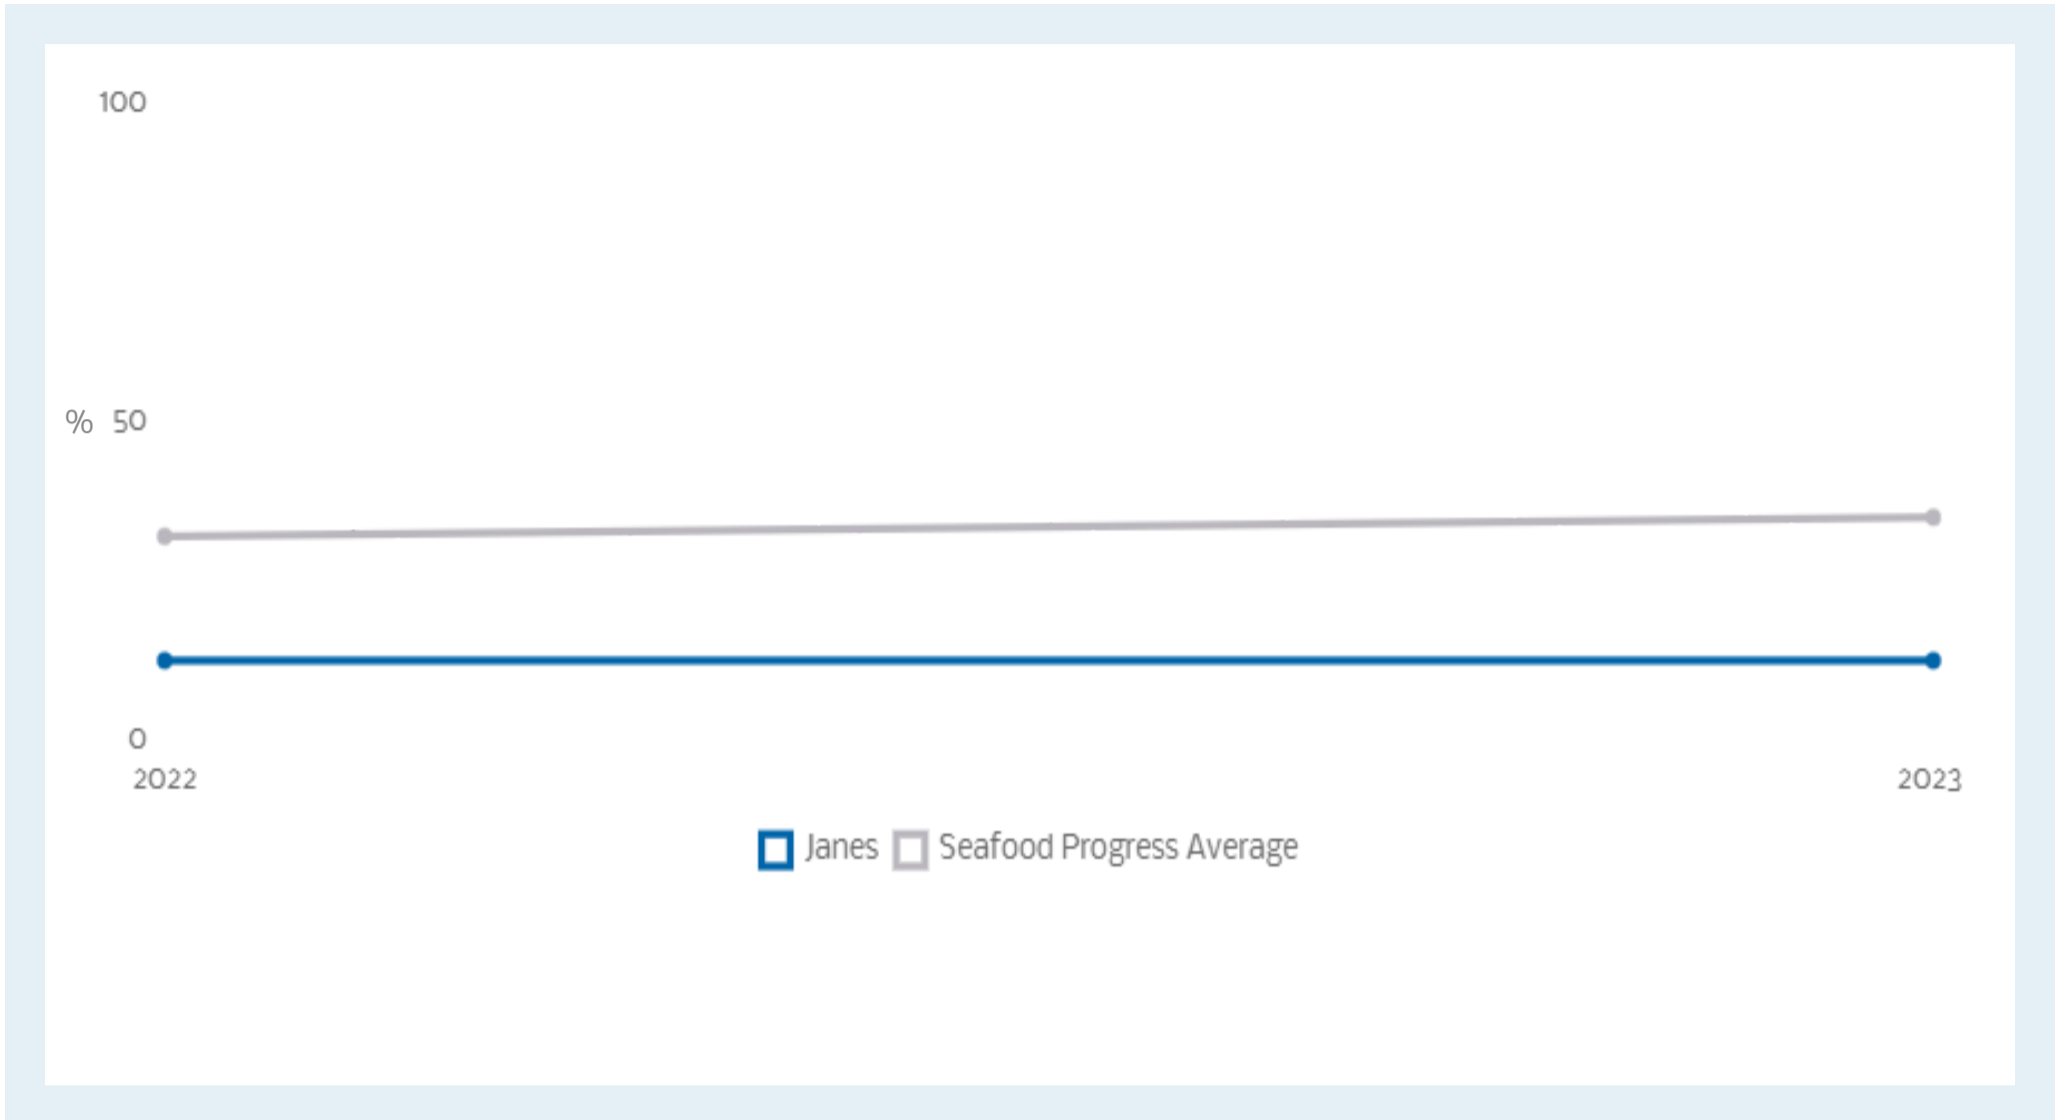

4

Transparency

Is the brand transparent about its commitment to sustainable seafood?

4.1 The brand labels products with the information that allows consumers to make informed decisions.

Janes does not indicate species' scientific name, geographic origin or gear type on any of its product labels, but does indicate "wild caught" on several of its products.

Scoring

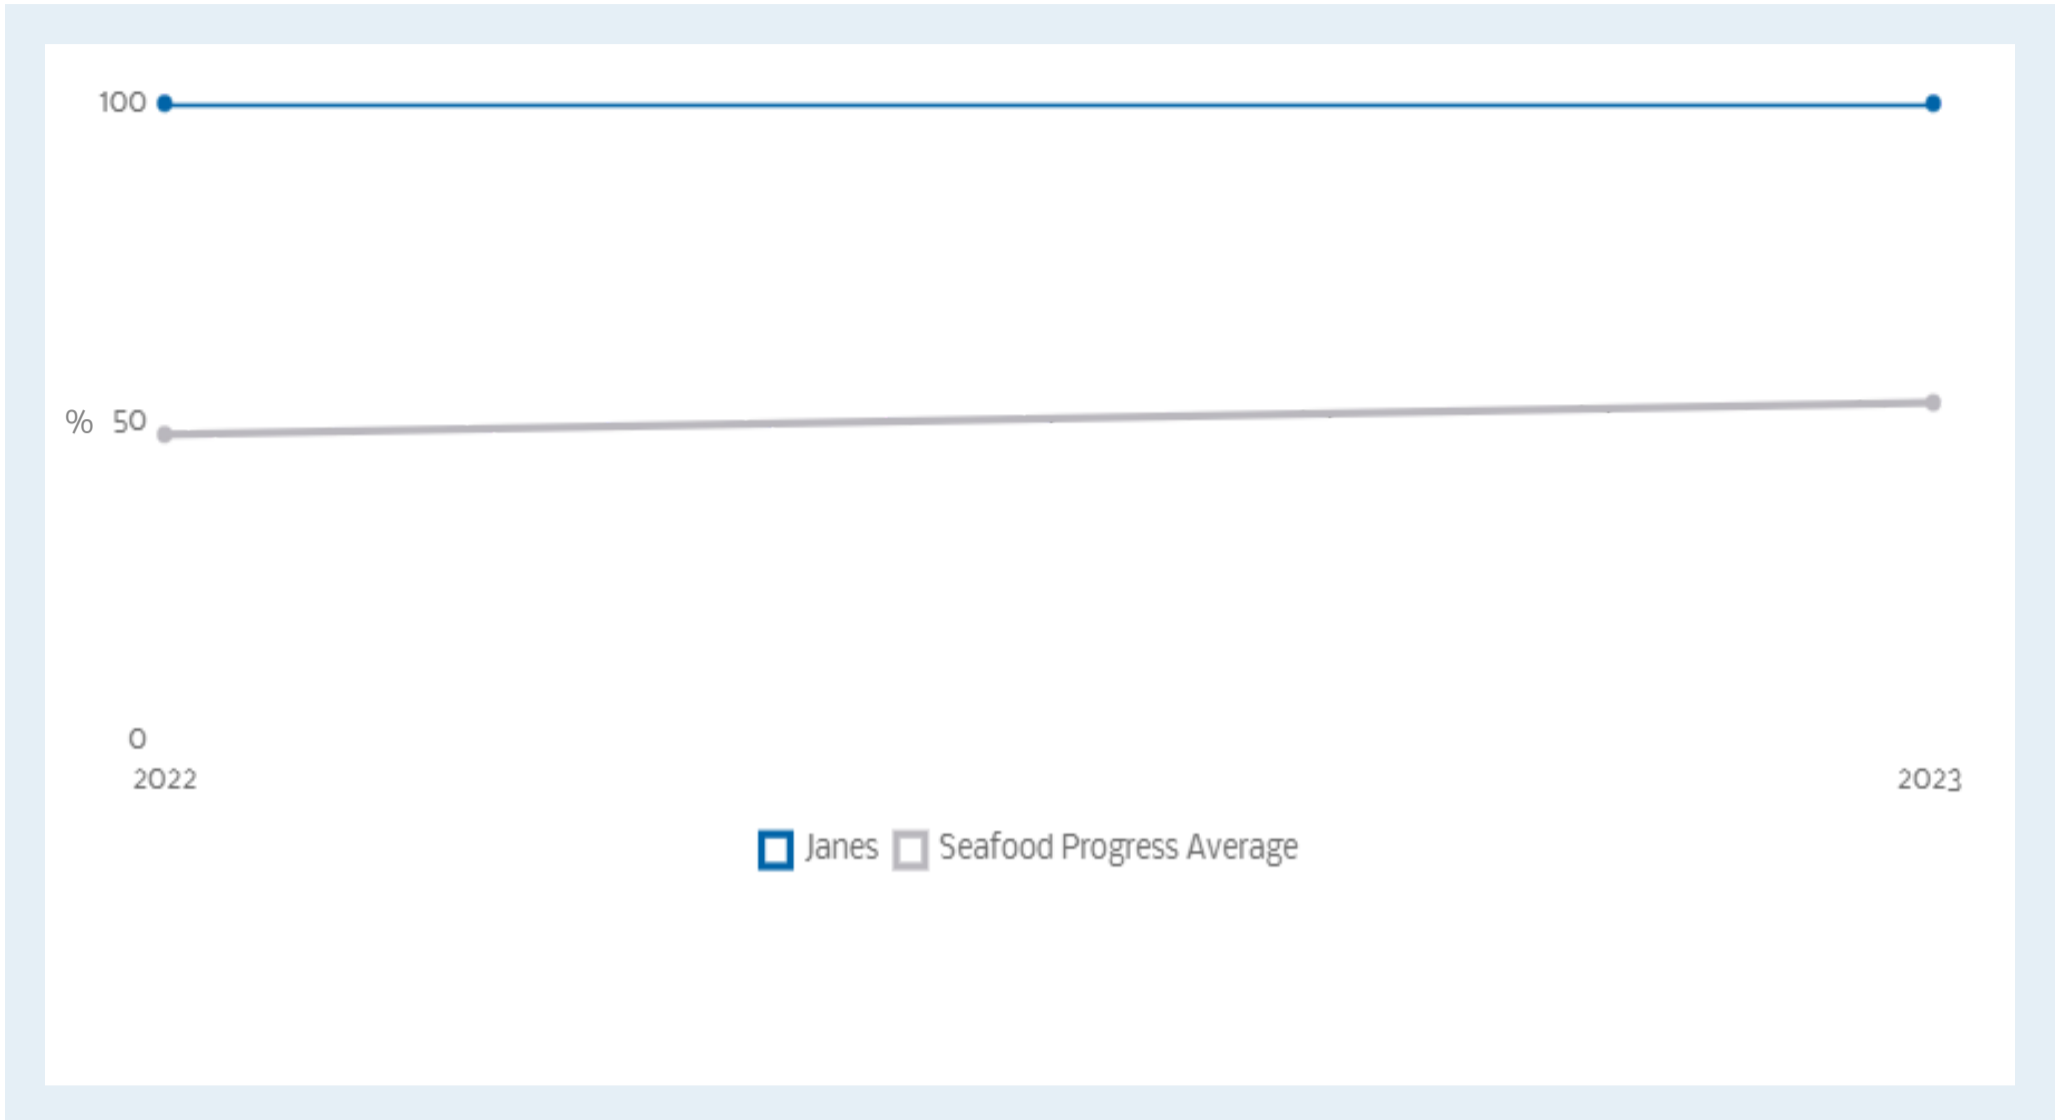

100% The grocer labels all products with the information.

75% The grocer labels most products with the information.

50% The grocer labels some products with the information.

0% The grocer does not label products with the information (or no information available).

4.2 The brand follows best practice guidelines for making environmental claims on its products.

Janes only uses the MSC certification claim on product labels which includes chain of custody to serve as evidence to back up this claim.

Scoring

100% The grocer only uses credible certification claims on product labels and includes a chain-of-custody identifier with publicly available evidence to back up its claim(s).

75% The grocer uses certification claims as well as endorsement claims and/or self-declared claims that 1) adhere to ISO 14021 Type II guidance and proof of third-party verification on product labels and 2) makes evidence to back up its claim(s) publicly available.

50% The grocer uses endorsement claims on product labels but does not make the evidence to back up its claim(s) publicly available - - OR - - The grocer uses self-declared claims on product labels that adhere to ISO 14021 Type II guidance and makes evidence to back up the claim(s) publicly available.

25% The grocer uses self-declared claims on product labels and makes evidence to back up the claim(s) publicly available.

0% The grocer uses self-declared claims on product labels and does not make evidence to back up its claim(s) publicly available.

4.3 Key information regarding the brand's products has been made publicly available.

Janes does not publish this information.

Scoring

100% Scientific name, geographic origin, gear type AND farming method has been made publicly available for all products.

75% Scientific name, geographic origin, gear type OR farming method has been made publicly available for all products.

50% Scientific name, geographic origin, gear type or farming method has been made publicly available for some products.

0% No information has been made publicly available.

4.4 The brand publicly reports how much of its seafood meets its sustainability criteria by volume or value of sales on an annual basis.

Janes' website states that it consistently adheres to sourcing all its products from fisheries that have been independently certified by the Marine Stewardship Council (MSC).

Scoring

100% The grocer regularly reports publicly how much of its seafood sold meets its commitment by volume or value of sales every year.

50% The grocer has at one point reported publicly how much of its seafood sold meets its commitment.

0% No public information on how the grocer is doing to meet its commitment.

STEP 5: EDUCATION

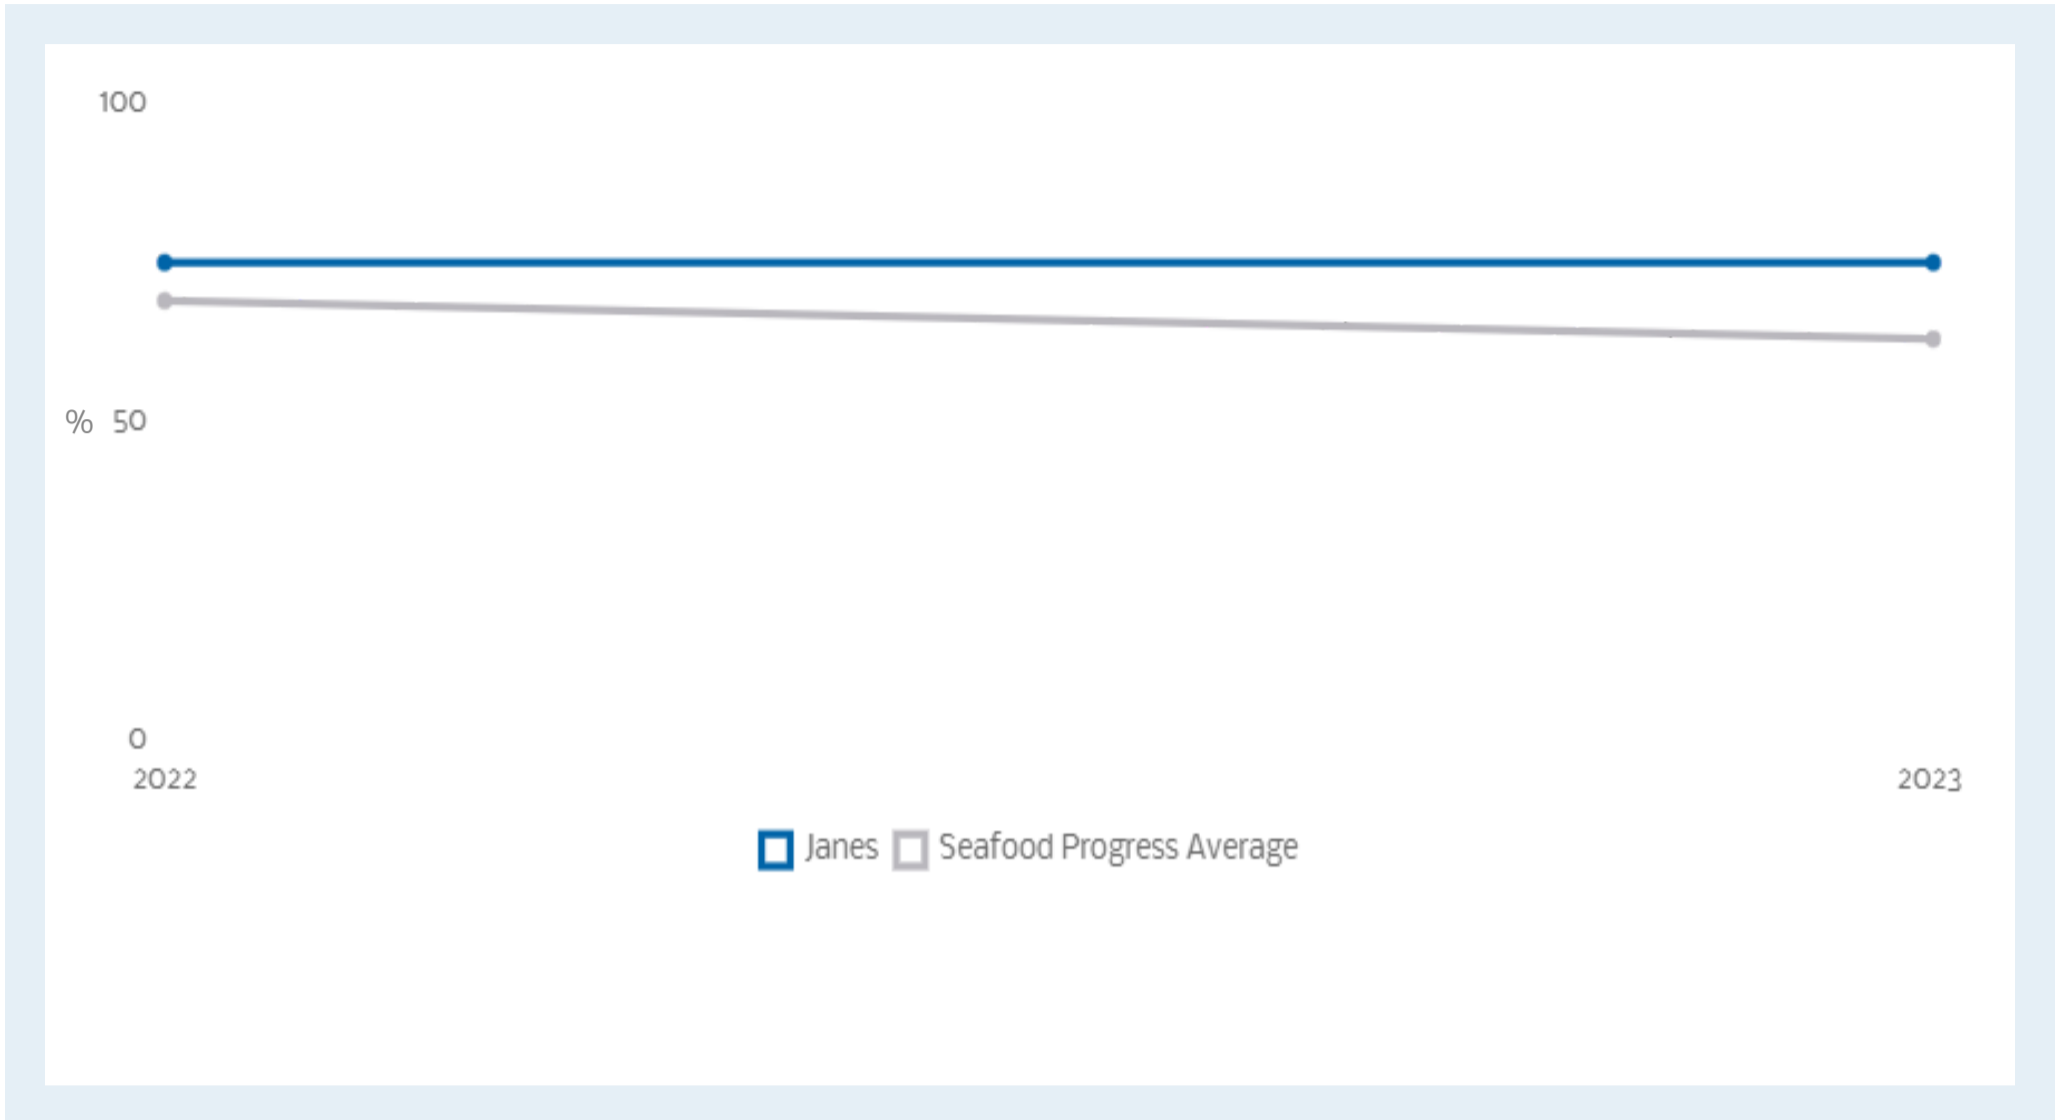

5

Education

Does the brand educate key stakeholders about its seafood commitments?

5.1 There is a description of the brand's commitments to sustainable and socially responsible seafood on its website.

There is a comprehensive description of Janes' commitment to sustainable seafood on [its website](#), but no description of its commitment to socially responsible seafood.

Scoring

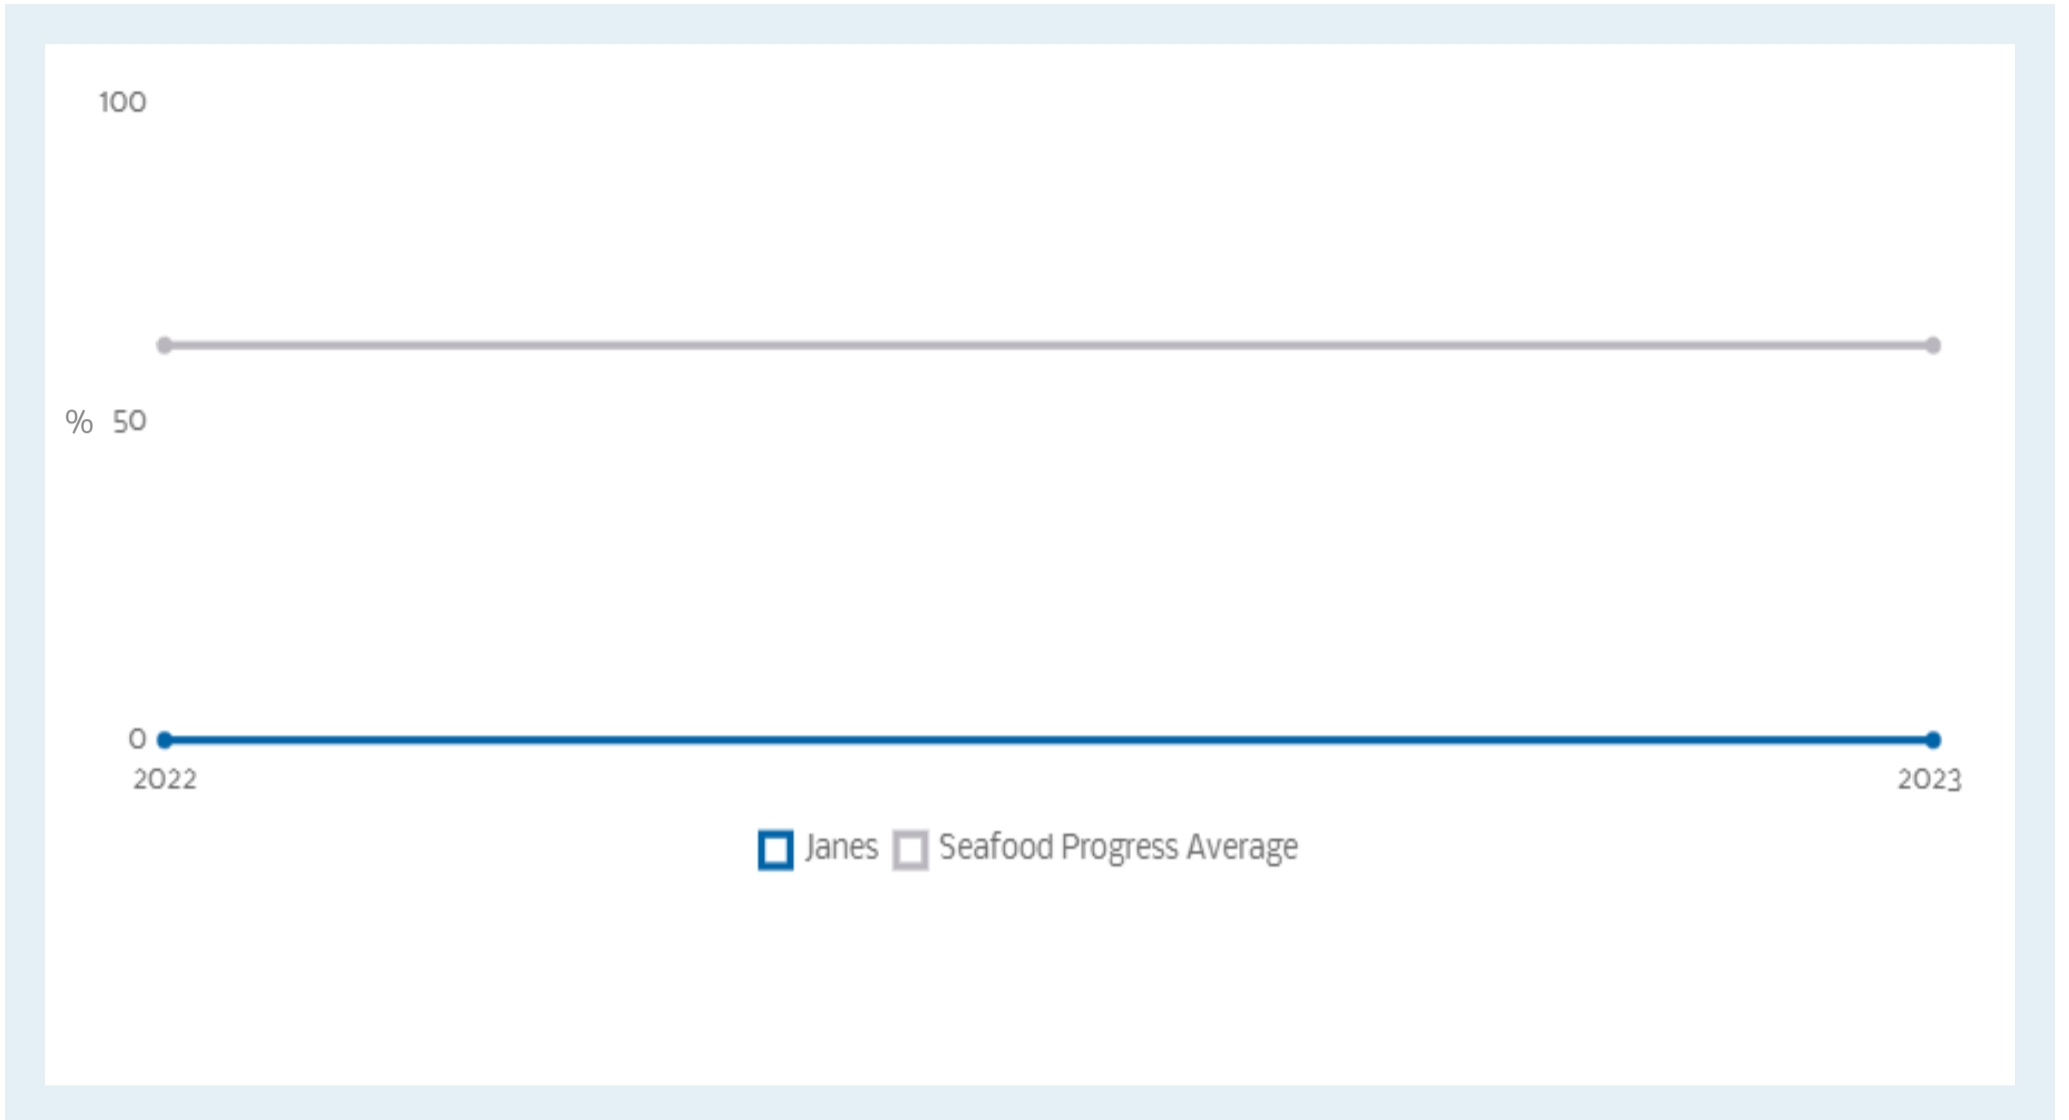

100% Training programs regularly conducted for all seafood staff.

75% Training programs conducted for all seafood staff, but only once.

50% Training programs sometimes conducted or for only some seafood staff.

0% Training programs not conducted for seafood staff (or no information available).

5.2 The brand has taken actions to ensure its suppliers are aware of its sustainable seafood commitment.

No information in Janes' commitment.

Scoring

100% There is a comprehensive description of the grocer's commitments to sustainability AND socially responsibility in store.

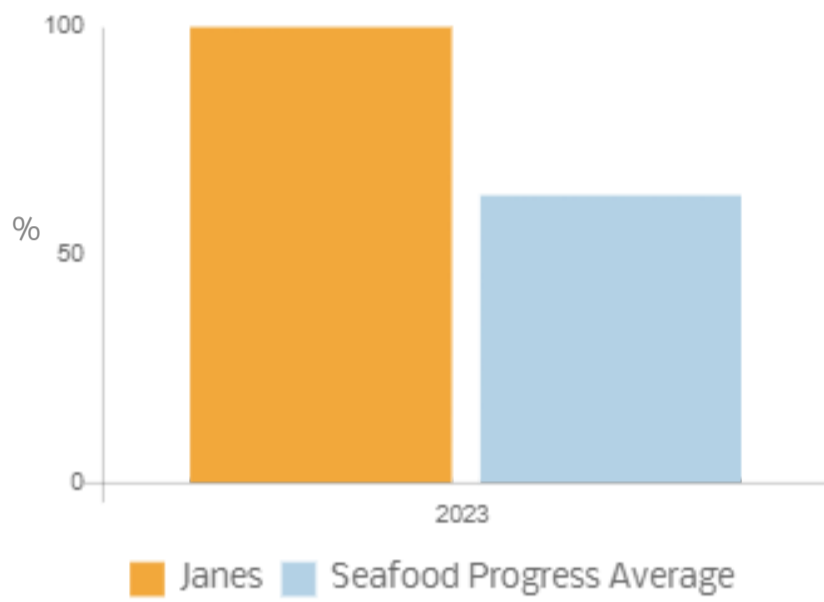

75% There is a comprehensive description of the grocer's commitments to sustainability OR social responsibility in store.

50% There is some description of the grocer's commitment to sustainability AND social responsibility in store.

25% There is some description of the grocer's commitment to sustainability OR social responsibility in store.

0% There is no description of the grocer's commitments in store.

STEP 6: TAKING INITIATIVE

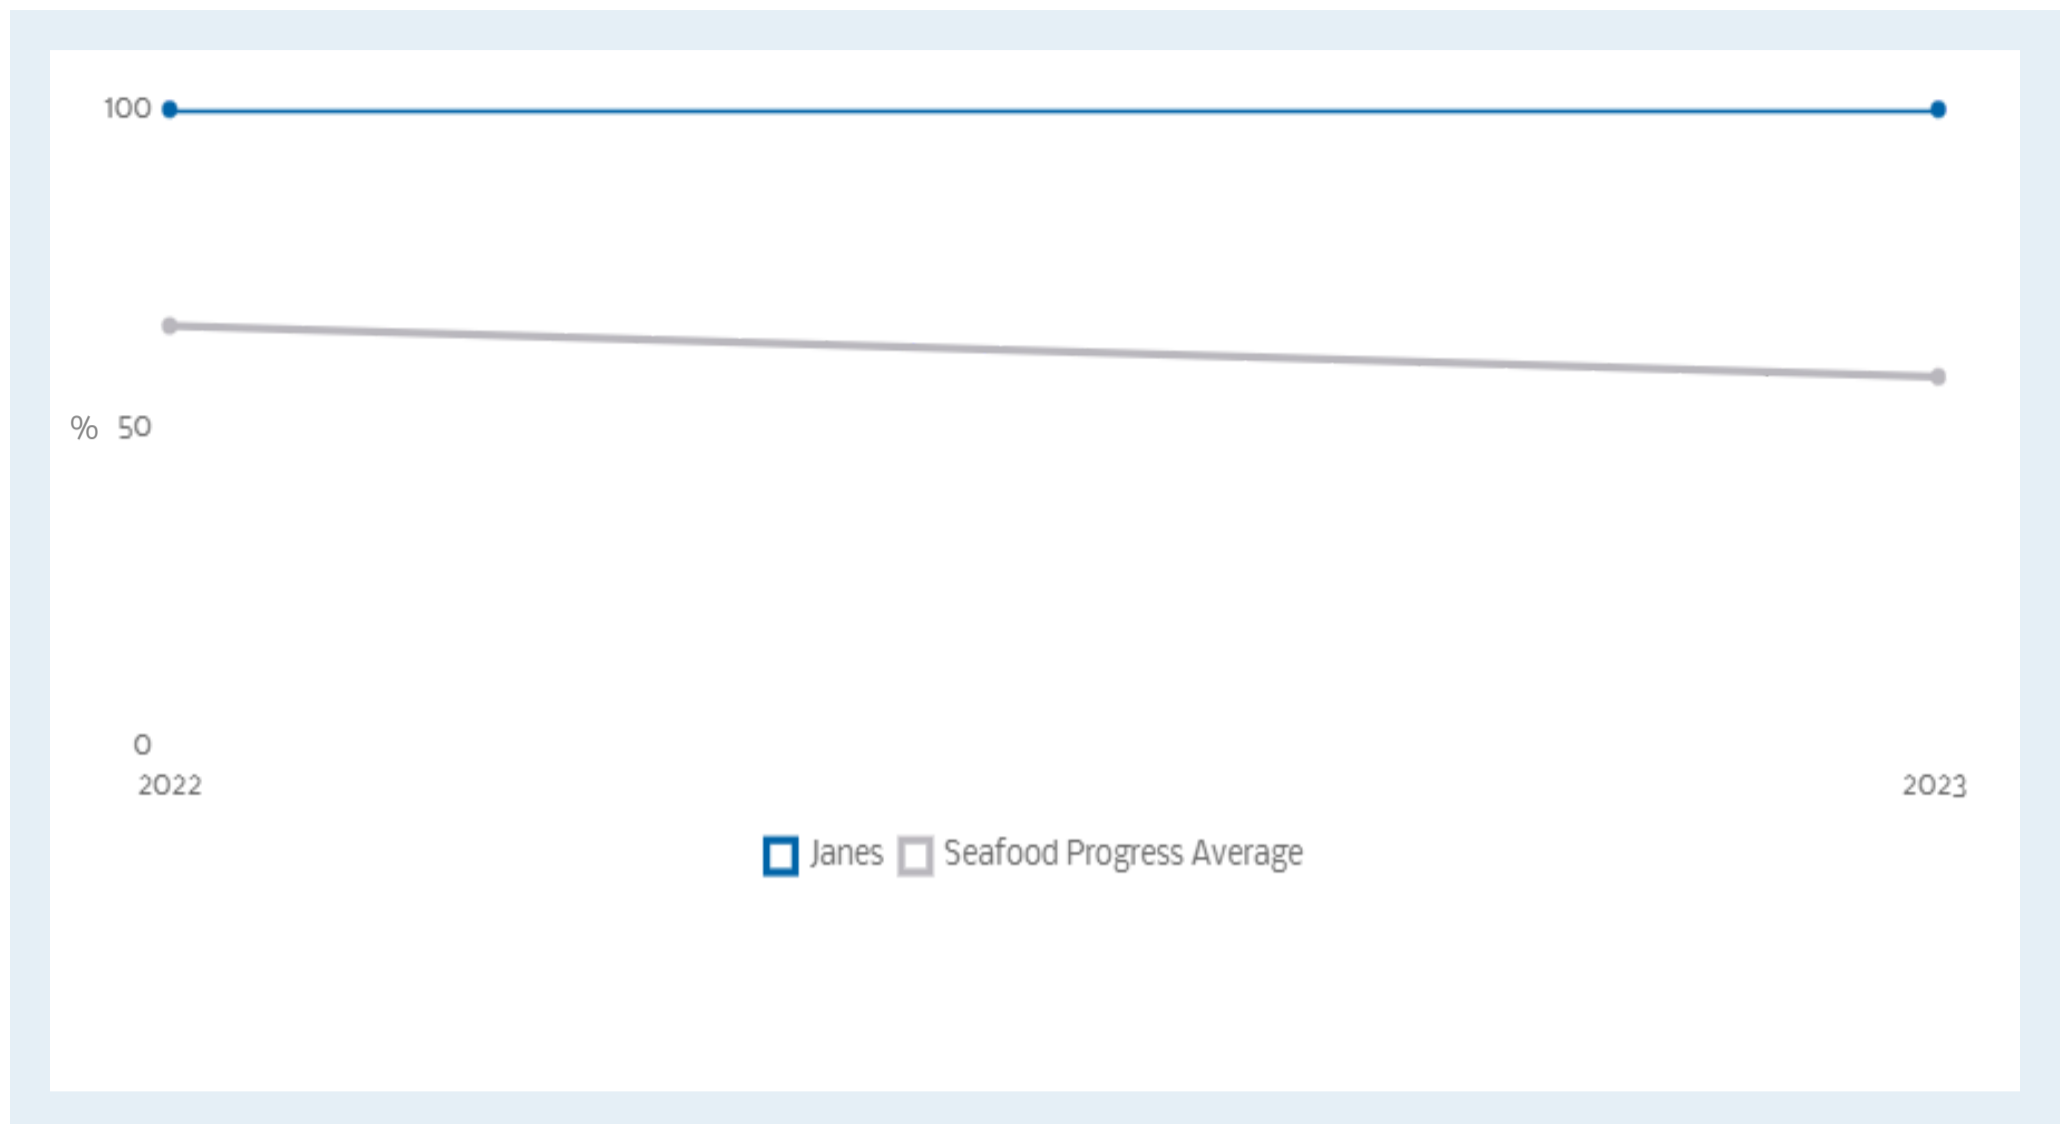

6

Taking Initiative

Does the brand take actions to support improvements to fisheries and aquaculture?

6.4 Other species

Janes' website states that it consistently adheres to sourcing all its products from fisheries that have been independently certified by the Marine Stewardship Council (MSC).

- ✓ Only sells versions of this product that meet the highest bars for sustainability, i.e. are certified by MSC/ASC, Recommended by Ocean Wise and/or rated Best Choice by Seafood Watch (100 pts).
- ✗ Conducts outreach to policymakers and/or certifying bodies to advocate for harvest or farming method and management to be more environmentally sustainable (20 pts).
- ✗ Collaborates with other companies pre-competitively to improve fishing or aquaculture practices (20 pts).
- ✗ Works with suppliers or producers directly to improve fishing or farming practices (20 pts).
- ✗ Preferentially sources from more sustainable sources that are MSC/ASC certified, Recommended by Ocean Wise or Best Choice by Seafood Watch (20 pts).
- ✗ Prioritizes sourcing products with high levels of social responsibility and/or traceability (20 pts).
